### III. PROCEDURES

#### A. Offender Mail Requirements

1. Authorized personnel of Montana State Prison (MSP) may open, examine, and censor mail sent from or addressed to an inmate in accordance with United States Postal Administrative Support Manual, Section 274.96. “Authorized personnel of prisons under the procedures promulgated by the facility may open, examine, and censor mail sent from or addressed to an inmate.” Correspondence from inmates does not become U.S. mail, per the U.S. Postal service either when given to a postal employee or when deposited into a receptacle authorized by the Postmaster General for the receipt of mail. Therefore, unless items are considered actual mail, the federal laws pertaining to the protection of mail matter does not apply.
2. Only the warden, or designee, may authorize exceptions to this procedure.
3. Inmates can send or receive an unlimited amount of correspondence without restriction to source, destination, or content if the inmate can afford postage and complies with this procedure, unless reasonable belief exists that limitation is required to protect public safety or the secure and orderly operation of the facility.
4. The Mailroom supervisor, with oversight from MSP Prison Administration, is responsible for implementing the correspondence program outlining the convenient deposit and distribution of inmate correspondence every business day.
5. Outgoing correspondence, including legal and general, must display a complete return address of the appropriate facility, e.g., “Montana State Prison, 700 Conley Lake Road, Deer Lodge, MT 59722” and the inmate’s last name and DOC identification number. Correspondence will be disposed of if the inmate sending the general correspondence cannot be identified.

Mail without a complete return address or that contains markings, drawings, and etc., shall be opened and read to inspect the contents to make a reasonable attempt to ascertain the identity of the sender or the intention of the material. If the sender can be identified and the mail does not present any security concerns and complies with [\*MSP Procedure 3.3.6. Correspondence, Publications, & Packages\*](#), the mail will be delivered to the inmate.
7. Incoming correspondence that contains sensitive information or documents inappropriate for an inmate to possess, e.g., social security number, or vehicle title, may be held in the inmate’s main file, or other designated location for delivery to the inmate upon release. Documents requiring a signature, notary, or other action will be processed with assistance from the unit management team (UMT).
